#### Why Custom Couture

Looking polished for the most important day takes lots of planning and forethought, the perfect dress, the right hairstyle, the right tiara or headpiece can overwhelm you with lots of choices.

Then coordinating your dress with your tiara, veil, jewelry and accessories with a theme takes a lot of design skill, the skill of a professional designer. That's where we can help. Our philosophy is to make bridal couture.

#### Create a Complete Ensemble

Our philosophy of making bridal couture is a concept we are sure you will agree with once you see the difference. Usually people think the term "Couture" applies to an appointment only salon. At A Crown Affaire you are treated like royalty, no matter what your budget allows. We endeavor to bring couture to everyone.

*Accessories that reflect your personal style.*

#### Choose a Designer for the job

Let our expert designer Joann Romanovich create a complete custom ensemble, creating the tiara, veil and jewelry of your dreams. With over 10 years of experience of working in the field and a Graduate with a Bachelor of Fine Arts in fashion design, you are assured of a professional quality job.

#### No Obligation Consultation

Most companies charge for a design consultation. Our initial consultation is free. We feel one should be given knowledge along with a piece, so it may be worn properly. That includes discussing your dress style, color, face shape, and hairstyle. We want you to be confident you are making the right choice and not just buying an object from a website.
